

## Safety/Security/Rescue exhibition 2018, Saurus Oy, stand U11

Saurus Oy is a part of Finnish industrial group specialized in manufacturing customized fire fighting and rescue vehicles. The other group members are Vema Lift Oy manufacturing hydraulic platform vehicles and Kiitokori Oy manufacturing special vehicles onto bus chassis. Saurus Oy celebrates 35. years anniversary and 2000 vehicles delivered in that time.

### Saurus rescue vehicles in the factory in Jyväskylä (Central Finland)

Saurus Oy employs 60 professionals. The annual amount of deliveries is 70 units, turnover 15 MEUR, share of export 30% (Asia, EU). Saurus Oy holds ISO 9001:2015 and MIL AQAP 2110 quality certificates.

Saurus Oy presents in the exhibition new fire engine, water tender, platform unit and light category 6x6 rescue unit. Wellcome to see our new products and discuss about the details with us.
